

Clubs List Descriptions – Summer 2026

Equipment: Pupils do not require any specific equipment other than suitable clothing unless otherwise stated.

All clubs are for Boys & Girls unless stated otherwise

Club	Description
Film Club	Each half term, film clubbers will watch a selection of films. Each set of films will be linked with a common theme such as a particular director, theme, genre or country of origin.
Creative Club	In Creative Club, you will have the opportunity to be creative in lots of different ways! Maybe painting something with watercolours, or following a drawing tutorial. Maybe building a sculpture using junk modelling or building a tower with toilet rolls and cotton buds! Let yourself be creative and make something you're proud of!
Comic & Animation Club	Come and enjoy reading your favourite comics, using your imagination and creative skills to create your own and using the iPads to bring them to life through animation apps.
Yoga	Looking for a calm and positive way to spend your lunchtime? Join our Yoga Club! This fun and relaxing club is a great chance to stretch, move, and unwind. It will include simple yoga poses, breathing exercises, and short relaxation time.
Drawing Club	Come along and follow step by step tutorials to produce a variety of drawings. From cartoon tv characters, vehicles and animals... we will draw it all!
Cricket	Pupils will learn the intricacies of bowling and batting at this club with a focus on Kwik Cricket – pupils who wish to play for the school teams will be selected from this club.
Rounders	A great chance to pick up this super summer game. The children will get the chance to learn to bat & bowl as well as learn the rules.
Calm Colouring	As part of our focus on Zones of Regulation, why not practice using colouring as a tool for finding your inner calm and regulating your emotions? Come and join us in 3ND to listen to calming music and colour images of your choice to bring calm and serenity to your busy learning day!
Pirbright Action	PIRBRIGHT ACTION is a new group of super motivated children who want to make school better! We will meet each week and discuss a to-do list of things we can work on to help out. It could be tidy time, doing jobs, making things better that we think could be improved, showing gratitude or kindness. The other adults might help us with some ideas of what we could do. If we can make things better, we should!
Computing Club	In computing club, we use the laptops, the iPads and the micro:bits to enjoy learning new computer skills.
Sewing Club	A chance to improve your sewing skills (or learn new ones!) whilst making some fun and exciting projects!
TTRS	Times Tables Rock Stars is an award-winning maths programme, dedicated to helping children acquire fundamental numeracy skills. The programmes expertise in maths mastery, combined with enticing gamification and design, make maths fun.

Forest School Express	An express Forest School session where you can enjoy den building, mud kitchen play, woodland exploration and crafts.
Lego Club	A club where we will design, test and build using LEGO bricks! We will complete various design challenges that will allow us to imagine, create and work together. We will also be discovering how to use technology to plan our designs and record our progress.
Year 2 Multiskills	Intro to clubs for Year 2. Mix of outdoor sports and games. Book through the school office
